3<sup>RD</sup> COAST GENETICS

(ALL PICS ARE FROM ACTUAL PHENO) +

63 DAY FLOWER

Very potent and care needs to be exercised when smoking the first time as it will creep up on you and lock you in.

Pure Michigan is the grand collaboration between 3rd Coast Genetics and Thug Pug genetics both based out of Michigan! The 1.0 clone only cut of Oreoz was given to Thug Pug to be dusted by his LEGENDARY stud male Mendobreath F2 aka Studly Spewright and the results are nothing short of spectacular.
